

MSEA-SEIU Executive Branch —

OM&S Classification and Pay Study Committee Progress Report, September 2007

Members of the Operations, Maintenance & Support Services Pay Study Team are reviewing all OM&S jobs.

MSEA-SEIU members serving on the committee have begun sending out surveys to OM&S bargaining unit members. The surveys, which are being sent out in groups, will provide the critical information necessary to make sure that everyone's job and duties are properly represented.

The MSEA-SEIU members on the team include Steve Davis (255-1100) of the Department of Corrections, Tony Gonzales (943-2533) and Richard Jillson (737-2665), both of the Department of Transportation, and Peter Grant (624-3900) of the Department of Health and Human Services. They ask that if you're an OM&S member and you haven't already filled out and mailed back your survey to MSEA-SEIU headquarters, that you do so right away. If you didn't receive or misplaced your survey, you can get another copy by calling 1-800-452-8794.
